## Corrigendum

### Corrigendum to “Elastic moduli of polycrystalline $\text{Li}_{15}\text{Si}_4$ produced in lithium ion batteries” [J. Power Sources 242 (2013) 732–735]

Zhidan Zeng<sup>a,b,c</sup>, Nian Liu<sup>d</sup>, Qiaoshi Zeng<sup>b,c</sup>, Yang Ding<sup>e</sup>, Shaoxing Qu<sup>a</sup>, Yi Cui<sup>c,f,1</sup>, Wendy L. Mao<sup>b,c,\*</sup>

<sup>f</sup> Department of Materials Science and Engineering, Stanford University, Stanford, CA 94305, USA

The authors regret that in the next to last paragraph of the “Results and discussion”, it says “The shear modulus and Poisson’s ratio are estimated to be  $G = 10$  GPa...”, the correct value is  $G = 4$  GPa.

The authors would like to apologise for any inconvenience caused.
